\$449.99

CHAMPION WORKHORSE TRAP THROWER

High volume target-throwing capacity

- Fits in the trunk of most vehicles
- Launches clays at three angles out up to 75 yds.
- Detachable clay holder holds 50 clays

The Lyman Auto-Advance Target System is a revolutionary design, offering the advantage of remote target advancement previously only found in expensive industrial systems. The Auto-Advance Target System will advance your shooting targets with the use of a hand-held remote controller at distances of up to 200 yards. No more walking downrange to replace targets, or waiting for a cease-fire to be called. Advance to the next target without getting up from your shooting bench! **\$199.99**
